(b) "Person" means any individual, partnership, corporation, limited liability company, or other organization or combination thereof, except that only individuals can be licensed under this chapter.

(c) A "speech-language pathologist" is a person who practices speech-language pathology.

(d) The practice of speech-language pathology means all of the following:

(1) The application of principles, methods, instrumental procedures, and noninstrumental procedures for measurement, testing, screening, evaluation, identification, prediction, and counseling related to the development and disorders of speech, voice, language, or swallowing.

(2) Nothing in this subdivision shall be construed as a diagnosis. Any observation of an abnormality shall be referred to a physician and surgeon.

(f) A licensed speech-language pathologist shall not perform a flexible fiberoptic nasendoscopic procedure unless he or she has received written verification from an otolaryngologist certified by the American Board of Otolaryngology that the speech-language pathologist has performed a minimum of 25 flexible fiberoptic nasendoscopic procedures and is competent to perform these procedures. The speech-language pathologist shall have this written verification on file and readily available for inspection upon request by the board. A speech-language pathologist shall pass a flexible fiberoptic nasendoscopic instrument only under the direct authorization of an otolaryngologist certified by the American Board

of Otolaryngology and the supervision of a physician and surgeon.

Cerumen removal, as provided by this section, shall only be performed by a licensed audiologist. Physician and surgeon supervision shall not be construed to require the physical presence of the physician, but shall include all of the following:

(1) Collaboration on the development of written standardized protocols. The protocols shall include a requirement that the supervised audiologist immediately refer to an appropriate physician any trauma, including skin tears, bleeding, or other pathology of the ear discovered in the process of cerumen removal as defined in this subdivision.

(2) Approval by the supervising physician of the written standardized protocol.

## **Display of License or Registration**

### **104. Display of License or Registration**

All boards or other regulatory entities within the department's jurisdiction that the department determines to be health-related may adopt regulations to require licensees to display their licenses or registrations in the locality in which they are treating patients, and to inform patients as to the identity of the regulatory agency they may contact if they have any questions or complaints regarding the licensee. In complying with this requirement, those boards may take into consideration the particular settings in which licensees practice, or other circumstances which may make the displaying or providing of information to the consumer extremely difficult for the licensee in their particular type of practice.

## 125.9. Citations

(a) Except with respect to persons regulated under Chapter 11 (commencing with Section 7500), Chapter 11.6 (commencing with Section 7590) of Division 3, any board, bureau, or commission within the department, the board created by the Chiropractic Initiative, by regulation, a system for the issuance to a licensee of a citation which may contain an order of abatement or an order to pay an administrative fine assessed by the board, bureau, or commission where the licensee is in violation of the applicable licensing act or any regulation adopted pursuant thereto.

(b) The system shall contain the following provisions:

(1) Citations shall be in writing and shall describe with particularity the nature of the violation, including specific reference to the provision of law determined to have been violated.

(2) Whenever appropriate, the citation shall contain an order of abatement fixing a reasonable time for abatement of the violation.

(3) In no event shall the administrative fine assessed by the board, bureau, or commission exceed five thousand dollars (\$5,000) for each inspection or each investigation made with respect to the violation, or five thousand dollars (\$5,000) for each violation or count if the violation involves fraudulent billing submitted to an insurance company, the Medi-Cal program, or Medicare. (4) A citation or fine assessment issued pursuant to a citation shall inform the licensee that if he or she desires a hearing to contest the finding of a violation, that hearing shall be requested by written notice to the board, bureau, or commission within 30 days of the date of issuance of the citation or assessment. A license shall not be renewed without payment of the renewal fee and fine.

The administrative citation system authorized by this section shall meet the requirements of Section 125.9 and may not be applied to an unlicensed person who is otherwise exempted from the provisions of the applicable licensing act. (b) The payment or receipt of consideration for services other than the referral of patients which is based on a percentage of gross revenue or similar type of contractual arrangement shall not be unlawful if the consideration is commensurate with the value of the services furnished or with the fair rental value of any premises or equipment leased or provided by the recipient to the payer.

(d) Except as provided in Chapter 2.3 (commencing with Section 1400) of Division 2 of the Health and Safety Code and in Sections 654.1 and 654.2 of this code, it shall not be unlawful for any person licensed under this division to refer a person to any laboratory, pharmacy, clinic (including entities exempt from licensure pursuant to Section 1206 of the Health and Safety Code), or health care facility solely because the licensee has a proprietary interest or coownership in the laboratory, pharmacy, clinic, or health care facility, provided, however, that the licensee's return on investment for that proprietary interest or coownership shall be based upon the amount of the capital investment or proportional ownership of the licensee which ownership interest is not based on the number or value of any patients referred. Any referral excepted under this section shall be unlawful if the prosecutor proves that there was no valid medical need for the referral.

(e) Except as provided in Chapter 2.3 (commencing with Section 1400) of Division 2 of the Health and Safety Code and in Sections 654.1 and 654.2 of this code, it shall not be unlawful to provide nonmonetary remuneration, in the form of hardware, software, or information technology and training services, as described in subsections (x) and (y) of Section 1001.952 of Title 42 of the Code of Federal Regulations, as amended October 4, 2007, as published in the Federal Register (72 Fed. ## **650.01. Prohibited Referrals: Financial Interests**

(a) Notwithstanding Section 650, or any other provision of law, it is unlawful for a licensee to refer a person for laboratory, diagnostic nuclear medicine, radiation oncology, physical therapy, physical rehabilitation, psychometric testing, home infusion therapy, or diagnostic imaging goods or services if the licensee or his or her immediate family has a financial interest with the person or in the entity that receives the referral.

(b) For purposes of this section and Section 650.02, the following shall apply:

(1) "Diagnostic imaging" includes, but is not limited to, all X-ray, computed axial tomography, magnetic resonance imaging nuclear medicine, positron emission tomography, mammography, and ultrasound goods and services.

A financial interest also exists if there is an indirect financial relationship between a licensee and the referral recipient including, but not limited to, an arrangement whereby a

licensee has an ownership interest in an entity that leases property to the referral recipient. Any financial interest transferred by a licensee to any person or entity or otherwise established in any person or entity for the purpose of avoiding the prohibition of this section shall be deemed a financial interest of the licensee. For purposes of this paragraph, "direct or indirect payment" shall not include a royalty or consulting fee received by a physician and surgeon who has completed a recognized residency training program in orthopedics from a manufacturer or distributor as a result of his or her research and development of medical devices and techniques for that manufacturer or distributor. A "financial interest" shall not include the receipt of capitation payments or other fixed amounts that are prepaid in exchange for a promise of a licensee to provide specified health care services to specified beneficiaries. A "financial interest" shall not include the receipt of remuneration by a medical director of a hospice, as defined in Section 1746 of the Health and Safety Code, for specified services if the arrangement is set out in writing, and specifies all services to be provided by the medical director, the term of the arrangement is for at least one year, and the compensation to be paid over the term of the arrangement is set in advance, does not exceed fair market value, and is not determined in a manner that takes into account the volume or value of any referrals or other business generated between parties.

(3) For the purposes of this section, "immediate family" includes the spouse and children of the licensee, the parents of the licensee, and the spouses of the children of the licensee.

(4) "Licensee" means a physician as defined in Section 3209.3 of the Labor Code.

(6) "Office of a group practice" means an office or offices in which two or more licensees are legally organized as a partnership, professional corporation, or not-for-profit corporation, licensed pursuant to subdivision (a) of Section 1204 of the Health and Safety Code, for which all of the following apply:

(A) Each licensee who is a member of the group provides substantially the full range of services that the licensee routinely provides, including medical care, consultation, diagnosis, or treatment through the joint use of shared office space, facilities, equipment, and personnel.

(B) Substantially all of the services of the licensees who are members of the group are provided through the group and are billed in the name of the group and amounts so received are treated as receipts of the group, except in the case of a multispecialty clinic, as defined in subdivision (I) of Section 1206 of the Health and Safety Code, physician services are billed in the name of the multispecialty clinic and amounts so received are treated as receipts of the multispecialty clinic.

(C) The overhead expenses of, and the income from, the practice are distributed in accordance with methods previously determined by members of the group.

(c) It is unlawful for a licensee to enter into an arrangement or scheme, such as a cross-referral arrangement, that the licensee knows, or should know, has a principal purpose of ensuring referrals by the licensee to a particular entity that, if the licensee directly made referrals to that entity, would be in violation of this section.

(d) No claim for payment shall be presented by an entity to any individual, third party payer, or other entity for a good or service furnished pursuant to a referral prohibited under this section.

(e) No insurer, self-insurer, or other payer shall pay a charge or lien for any good or service resulting from a referral in violation of this section.

(f) A licensee who refers a person to, or seeks consultation from, an organization in which the licensee has a financial interest, other than as prohibited by subdivision (a), shall disclose the financial interest to the patient, or the parent or legal guardian of the patient, in writing, at the time of the referral or request for consultation.

(1) If a referral, billing, or other solicitation is between one or more licensees who contract with a multispecialty clinic pursuant to subdivision (I) of Section 1206 of the Health and Safety Code or who conduct their practice as members of the same professional corporation or partnership, and the services are rendered on the same physical premises, or under the same professional corporation or partnership name, the requirements of this subdivision may be met by posting a conspicuous disclosure statement at the registration area or by providing a patient with a written disclosure statement.

(2) If a licensee is under contract with the Department of Corrections or the California Youth Authority, and the patient is an inmate or parolee of either respective department, the requirements of this subdivision shall be satisfied by disclosing financial interests to either the Department of Corrections or the California Youth Authority.

(g) A violation of subdivision (a) shall be a misdemeanor. The Medical Board of California shall review the facts and circumstances of any conviction pursuant to subdivision (a) and take appropriate disciplinary action if the

licensee has committed unprofessional conduct. Violations of this section may also be subject to civil penalties of up to five thousand dollars (\$5,000) for each offense, which may be enforced by the Insurance Commissioner, Attorney General, or a district attorney. A violation of subdivision (c), (d), or (e) is a public offense and is punishable upon conviction by a fine not exceeding fifteen thousand dollars (\$15,000) for each violation and appropriate disciplinary action, including revocation of professional licensure, by the Medical Board of California or other appropriate governmental agency.

(h) This section shall not apply to referrals for services that are described in and covered by Sections 139.3 and 139.31 of the Labor Code.

(i) This section shall become operative on January 1, 1995.

(Amended by Stats. 1996 Ch. 817)

If an alternative provider commences furnishing the good or service for which a patient was referred pursuant to this subdivision, the licensee shall cease referrals under this subdivision within six months of the time at which the licensee knew or should have known that the alternative provider is furnishing the good or service. A licensee who refers to or seeks consultation from an organization in which the licensee has a financial interest under this subdivision shall disclose this interest to the patient or the patient's parents or legal guardian in writing at the time of referral.

(4) Ownership of shares in a regulated investment company as defined in Section 851(a) of the federal Internal Revenue Code, if the company had, at the end of the company's most recent fiscal year, or on average during the previous three fiscal years, total assets exceeding seventy-five million dollars (\$75,000,000).

(5) A one-time sale or transfer of a practice or property or other financial interest between a licensee and the recipient of the referral if the sale or transfer is for commercially reasonable terms and the consideration is not affected by either party's referral of any person or the volume of services provided by either party.

(D) A person who is referred by a licensee or an immediate family member of the licensee is informed in writing of the personal services arrangement that includes information on where a person may go to file a complaint against the licensee or the immediate family member of the licensee.

(E) The term of the arrangement is for at least one year.

(F) The compensation to be paid over the term of the arrangement is set in advance, does not exceed fair market value, and is not determined in a manner that takes into account the volume or value of any referrals or other business generated between the parties.

(G) The services to be performed under the arrangement do not involve the counseling or promotion of a business arrangement or other activity that violates any state or federal law.

(c)(1) A licensee may refer a person to a health facility, as defined in Section 1250 of the Health and Safety Code, or to any facility owned or leased by a health facility, if the recipient of the referral does not compensate the licensee for the patient referral, and any equipment lease arrangement between the licensee and the referral recipient complies with the requirements of paragraph (2) of subdivision (b).

(2) Nothing shall preclude this subdivision from applying to a licensee solely because the licensee has an ownership or leasehold interest in an entire health facility or an entity that owns or leases an entire health facility.

(3) A licensee may refer a person to a health facility for any service classified as an emergency under subdivision (a) or (b) of Section 1317.1 of the Health and Safety Code.

(4) A licensee may refer a person to any organization that owns or leases a health facility licensed pursuant to subdivision (a), (b), or (f) of Section 1250 of the Health and Safety Code if the licensee is not compensated for the patient referral, the licensee does not receive any payment from the recipient of the referral that is based or determined on the number or value of any patient referrals, and any equipment lease arrangement between the licensee and the referral recipient complies with the requirements of paragraph (2) of subdivision (b). For purposes of this paragraph, the ownership may be through stock or membership, and may be represented by a parent holding company that solely owns or controls both the health facility organization and the affiliated organization.

(d) A licensee may refer a person to a nonprofit corporation that provides physician services pursuant to subdivision (l) of Section 1206 of the Health and Safety Code if the nonprofit corporation is controlled through membership by one or more health facilities or health facility systems and the amount of compensation or other transfer of funds from the health facility or nonprofit corporation to the licensee is fixed annually, except for adjustments caused by physicians joining or leaving the groups during the year, and is not based on the number of persons utilizing goods or services specified in Section 650.01.

(e) A licensee compensated or employed by a university may refer a person for a physician service, to any facility owned or operated by the university, or to another licensee employed by the university, provided that the facility or university does not compensate the referring licensee for the patient referral. In the case of a facility that is totally or partially owned by an entity other than the university, but that is staffed by university physicians, those physicians may not refer patients to the facility if the facility compensates the referring physicians for those referrals.

(f) The prohibition of Section 650.01 shall not apply to any service for a specific patient that is performed within, or goods that are supplied by, a licensee's office, or the office of a group practice. Further, the provisions of Section 650.01 shall not alter, limit, or expand a licensee's ability to deliver, or to direct or supervise the delivery of, in-office goods or services according to the laws, rules, and regulations governing his or her scope of practice.

(g) The prohibition of Section 650.01 shall not apply to cardiac rehabilitation services provided by a licensee or by a suitably trained individual under the direct or general supervision of a licensee, if the services are provided to patients meeting the criteria for Medicare reimbursement for the services.

(h) The prohibition of Section 650.01 shall not apply if a licensee is in the office of a group practice and refers a person for services or goods specified in Section 650.01 to a multispecialty clinic, as defined in subdivision (l) of Section 1206 of the Health and Safety Code.

(i) The prohibition of Section 650.01 shall not apply to health care services provided to an enrollee of a health care service plan licensed pursuant to the Knox-Keene Health Care Service Plan Act of 1975 (Chapter 2.2 (commencing with Section 1340) of Division 2 of the Health and Safety Code).

(j) The prohibition of Section 650.01 shall not apply to a request by a pathologist for clinical diagnostic laboratory tests and pathological examination services, a request by a radiologist for diagnostic radiology services, or a request by a radiation oncologist for radiation therapy if those services are furnished by, or under the supervision of, the pathologist, radiologist, or radiation oncologist pursuant to a consultation requested by another physician.

(k) This section shall not apply to referrals for services that are described in and covered by Sections 139.3 and 139.31 of the Labor Code.

(l) This section shall become operative on January 1, 1995.

(Amended by Stats. 2002, Ch. 309)

## **651. Advertising; Fraudulent, Misleading, or Deceptive**

(a) It is unlawful for any person licensed under this division or under any initiative act referred to in this division to disseminate or cause to be disseminated any form of public communication containing a false, fraudulent, misleading, or deceptive statement, claim, or image for the purpose of or likely to induce, directly or indirectly, the rendering of professional services or furnishing of products in connection with the professional practice or business for which he or she is licensed. A "public communication" as used in this section includes, but is not limited to, communication by means of mail, television, radio, motion picture, newspaper, book, list or directory of healing arts practitioners, Internet, or other electronic communication.

(b) A false, fraudulent, misleading, or deceptive statement, claim, or image includes a statement or claim that does any of the following:

(1) Contains a misrepresentation of fact.

(2) Is likely to mislead or deceive because of a failure to disclose material facts.

(3) (A) Is intended or is likely to create false or unjustified expectations of favorable results, including the use of any photograph or other image that does not accurately depict the results of the procedure being advertised or that has been altered in any manner from the image of the actual subject depicted in the photograph or image.

(B) Use of any photograph or other image of a model without clearly stating in a prominent location in easily readable type the fact that the photograph or image is of a model is a violation of subdivision (a). For purposes of this paragraph, a model is anyone other than an actual patient, who has undergone the procedure being advertised, of the licensee who is advertising for his or her services.

(C) Use of any photograph or other image of an actual patient that depicts or purports to depict the results of any procedure, or presents "before" and "after" views of a patient, without specifying in a prominent location in easily readable type size what procedures were performed on that patient is a violation of subdivision (a). Any "before" and "after" views (i) shall be comparable in presentation so that the results are not distorted by favorable poses, lighting, or other features of presentation, and (ii) shall contain a statement that the same "before" and "after" results may not occur for all patients.

(4) Relates to fees, other than a standard consultation fee or a range of fees for specific types of services, without fully and specifically disclosing all variables and other material factors.

(5) Contains other representations or implications that in reasonable probability will cause an ordinarily prudent person to misunderstand or be deceived.

(6) Makes a claim either of professional superiority or of performing services in a superior manner, unless that claim is relevant to the service being performed and can be substantiated with objective scientific evidence.

(7) Makes a scientific claim that cannot be substantiated by reliable, peer reviewed, published scientific studies.

(8) Includes any statement, endorsement, or testimonial that is likely to mislead or deceive because of a failure to disclose material facts.

(c) Any price advertisement shall be exact, without the use of phrases, including, but not limited to, "as low as," "and up," "lowest prices," or words or phrases of similar import. Any advertisement that refers to services, or costs for services, and that uses words of comparison shall be based on verifiable data substantiating the comparison. Any person so advertising shall be prepared to provide information sufficient to establish the accuracy of that comparison. Price advertising shall not be fraudulent, deceitful, or misleading, including statements or advertisements of bait, discount, premiums, gifts, or any statements of a similar nature. In connection with price advertising, the price for each product or service shall be clearly identifiable. The price advertised for products shall include charges for any related professional services, including dispensing and fitting services, unless the advertisement specifically and clearly indicates otherwise.

(d) Any person so licensed shall not compensate or give anything of value to a representative of the press, radio, television, or other communication medium in anticipation of, or in return for, professional publicity unless the fact of compensation is made known in that publicity.

(e) Any person so licensed may not use any professional card, professional announcement card, office sign, letterhead, telephone directory listing, medical list, medical directory listing, or a similar professional notice or device if it includes a statement or claim that is false, fraudulent, misleading, or deceptive within the meaning of subdivision (b).

(f) Any person so licensed who violates this section is guilty of a misdemeanor. A bona fide mistake of fact shall be a defense to this subdivision, but only to this subdivision.

(g) Any violation of this section by a person so licensed shall constitute good cause for revocation or suspension of his or her license or other disciplinary action.

(h) Advertising by any person so licensed may include the following:

(1) A statement of the name of the practitioner.

(2) A statement of addresses and telephone numbers of the offices maintained by the practitioner.

(B) A statement of certification by a practitioner licensed under Chapter 7 (commencing with Section 3000) shall only include a statement that he or she is certified or eligible for certification by a private or public board or parent association recognized by that practitioner's licensing board.

(C) A physician and surgeon licensed under Chapter 5 (commencing with Section 2000) by the Medical Board of California may include a statement that he or she limits his or her practice to specific fields, but shall not include a statement that he or she is certified or eligible for certification by a private or public board or parent association, including, but not limited to, a multidisciplinary board or association, unless that board or association is (i) an American Board of Medical Specialties member board, (ii) a board or association with equivalent requirements approved by that physician and surgeon's licensing board, or (iii) a board or association with an Accreditation Council for Graduate Medical Education approved postgraduate training program that provides complete training in that specialty or

subspecialty. A physician and surgeon licensed under Chapter 5 (commencing with Section 2000) by the Medical Board of California who is certified by an organization other than a board or association referred to in clause (i), (ii), or (iii) shall not use the term "board certified" in reference to that certification, unless the physician and surgeon is also licensed under Chapter 4 (commencing with Section 1600) and the use of the term "board certified" in reference to that certification is in accordance with subparagraph (A). A physician and surgeon licensed under Chapter 5 (commencing with Section 2000) by the Medical Board of California who is certified by a board or association referred to in clause (i),

(ii), or (iii) shall not use the term "board certified" unless the full name of the certifying board is also used and given comparable prominence with the term "board certified" in the statement.

The Medical Board of California shall adopt regulations to establish and collect a reasonable fee from each board or association applying for recognition pursuant to this subparagraph. The fee shall not exceed the cost of administering this subparagraph. Notwithstanding Section 2 of Chapter 1660 of the Statutes of 1990, this subparagraph shall become operative July 1, 1993. However, an administrative agency or accrediting organization may take any action contemplated by this subparagraph relating to the establishment or approval of specialist requirements on and after January 1, 1991.

(D) A doctor of podiatric medicine licensed under Chapter 5 (commencing with Section 2000) by the Medical Board of California may include a statement that he or she is certified or eligible or qualified for certification by a private or public board or parent association, including, but not limited to, a multidisciplinary board or association, if that board or association meets one of the following requirements: (i) is approved by the Council on Podiatric Medical Education, (ii) is a board or association with equivalent requirements approved by the California Board of Podiatric Medicine,

or (iii) is a board or association with the Council on Podiatric Medical Education approved postgraduate training programs that provide training in podiatric medicine and podiatric surgery. A doctor of podiatric medicine licensed under Chapter 5 (commencing with Section 2000) by the Medical Board of California who is certified by a board or association referred to in clause (i), (ii), or (iii) shall not use the term "board certified" unless the full name of the certifying board is also used and given comparable prominence with the term "board certified" in the statement. A doctor of podiatric medicine licensed under Chapter 5 (commencing with Section 2000) by the Medical Board of California who is certified by an organization other than a board or association referred to in clause (i), (ii), or (iii) shall not use the term "board certified" in reference to that certification.

For purposes of this subparagraph, a "multidisciplinary board or association" means an educational certifying body that has a psychometrically valid testing process, as determined by the California Board of Podiatric Medicine, for certifying doctors of podiatric medicine that is based on the applicant's education, training, and experience. For purposes of the term "board certified," as used in this subparagraph, the terms "board" and "association" mean an organization that is a Council on Podiatric Medical Education approved board, an organization with equivalent requirements approved by the California Board of Podiatric Medicine, or an organization with a Council on Podiatric Medical Education approved postgraduate training program that provides training in podiatric medicine and podiatric surgery.

The California Board of Podiatric Medicine shall adopt regulations to establish and collect a reasonable fee from each board or association applying for recognition pursuant to this subparagraph, to be deposited in the State Treasury in the Podiatry Fund, pursuant to Section 2499. The fee shall not exceed the cost of administering this subparagraph.

(16) A statement, or statements, providing public health information encouraging preventative or corrective care.

(17) Any other item of factual information that is not false, fraudulent, misleading, or likely to deceive.

(i) Each of the healing arts boards and examining committees within Division 2 shall adopt appropriate regulations to enforce this section in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

Each of the healing arts boards and committees and examining committees within Division 2 shall, by regulation, define those efficacious services to be advertised by businesses or professions under their jurisdiction for the purpose of determining whether advertisements are false or misleading. Until a definition for that service has been issued, no advertisement for that service shall be disseminated. However, if a definition of a service has not been issued by a board or committee within 120 days of receipt of a request from a licensee, all those holding the license may advertise the service. Those boards and committees shall adopt or modify regulations defining what services may be advertised, the manner in which defined services may be advertised, and restricting advertising that would promote the inappropriate or excessive use of health services or commodities. A board or committee shall not, by regulation, unreasonably prevent truthful, nondeceptive price or otherwise lawful forms of advertising of services or commodities, by either outright prohibition or imposition of onerous disclosure requirements. However, any member of a board or committee acting in good faith in the adoption or enforcement of any regulation shall be deemed to be acting as an agent of the state.

(j) The Attorney General shall commence legal proceedings in the appropriate forum to enjoin advertisements disseminated or about to be disseminated in violation of this section and seek other appropriate relief to enforce this section. Notwithstanding any other provision of law, the costs of enforcing this section to the respective licensing boards or committees may be awarded against any licensee found to be in violation of any provision of this section. This shall not diminish the power of district attorneys, county counsels, or city attorneys pursuant to existing law to seek appropriate relief.

(k) A physician and surgeon or doctor of podiatric medicine licensed pursuant to Chapter 5 (commencing with Section 2000) by the Medical Board of California who knowingly and intentionally violates this section may be cited and assessed an administrative fine not to exceed ten thousand dollars (\$10,000) per event. Section 125.9 shall govern the issuance of this citation and fine except that the fine limitations prescribed in paragraph (3) of subdivision (b) of Section 125.9 shall not apply to a fine under this subdivision.

# Inactive License

## **700. Legislative Intent**

It is the intent of the Legislature to establish in this article an inactive category of health professionals' licensure. Such inactive licenses or certificates are intended to allow a person who has a license or certificate in one of the healing arts, but who is not actively engaged in the practice of his or her profession, to maintain licensure or certification in a nonpracticing status.

(Added by Stats. 1977, Ch. 410)

## **701. Issuance**

Each healing arts board referred to in this division shall issue, upon application and payment of the normal renewal fee, an inactive license or certificate to a current holder of an active license or certificate whose license or certificate is not suspended, revoked, or otherwise punitively restricted by that board.

As used in this article, "board" refers to any healing arts board, division, or examining committee which licenses or certifies health professionals.

(Added by Stats. 1977, Ch. 410)

## **702. Prohibited Practice**

The holder of an inactive healing arts license or certificate issued pursuant to this article shall not engage in any activity for which an active license or certificate is required.

(Added by Stats. 1977, Ch. 410)

## **703. Renewal**

An inactive healing arts license or certificate issued pursuant to this article shall be renewed during the same time period at which an active license or certificate is renewed. In order to renew a license or certificate issued pursuant to this article, the holder thereof need not comply with any continuing education requirement for renewal of an active license or certificate.

The renewal fee for a license or certificate in an active status shall apply also for renewal of a license or certificate in an inactive status.

(Added by Stats. 1977, Ch. 410)

## **704. Restoration to Active Status**

In order for the holder of an inactive license or certificate issued pursuant to this article to restore his or her license or certificate to an active status, the holder of an inactive license or certificate shall comply with all the following:

(a) Pay the renewal fee; provided, that the renewal fee shall be waived for a physician and surgeon who certifies to the Medical Board of California that license restoration is for the sole purpose of providing voluntary, unpaid service to a public agency, not-for-profit agency, institution, or corporation which provides medical services to indigent patients in medically underserved or critical-need population areas of the state.

(b) If the board requires completion of continuing education for renewers of an active license or certificate, complete continuing education equivalent to that required for a single license renewal period.

(Added by Stats. 1999, Ch. 631)

# Insurance Fraud

(2) Knowingly prepare, make, or subscribe any writing, with intent to present or use the same, or to allow it to be presented or used in support of any false or fraudulent claim.

The board shall convene a disciplinary hearing to determine whether or not the license or certificate shall be suspended, revoked, or some other disposition shall be considered, including, but not limited to, revocation with the opportunity to petition for reinstatement, suspension, or other limitations on the license or certificate as the board deems appropriate.

(2) It shall constitute cause for automatic suspension and for revocation of a license or certificate issued pursuant to Chapter 4 (commencing with Section 1600), Chapter 5 (commencing with Section 2000), Chapter 6.6 (commencing with Section 2900), Chapter 7 (commencing with Section 3000), or Chapter 9 (commencing with Section 4000), or pursuant to the Chiropractic Act or the Osteopathic Act, if a licensee or certificate holder has more than one conviction of any felony arising out of separate prosecutions involving fraud committed by the licensee or certificate holder in conjunction with providing benefits covered by worker's compensation insurance, or in conjunction with the Medi-Cal program, including the Denti-Cal element of the Medi-Cal program pursuant to Chapter 7 (commencing with Section 14000), or Chapter 8 (commencing with Section 14200), of Part 3 of Division 9 of the Welfare and Institutions Code. The board shall convene a disciplinary hearing to revoke the license or certificate and an order of revocation shall be issued unless the board finds mitigating circumstances to order some other disposition.

(3) It is the intent of the Legislature that paragraph (2) apply to a licensee or certificate holder who has one or more convictions prior to January 1, 2004, as provided in this subdivision.

(4) Nothing in this subdivision shall preclude a board from suspending or revoking a license or certificate pursuant to any other provision of law.

A general acute care hospital may include more than one physical plant maintained and operated on separate premises as provided in Section 1250.8. A general acute care hospital that exclusively provides acute medical rehabilitation center services, including at least physical therapy, occupational therapy, and speech therapy, may provide for the required surgical and anesthesia services through a contract with another acute care hospital. In addition, a general acute care hospital that, on July 1, 1983, provided required surgical and anesthesia services through a contract or agreement with another acute care hospital may continue to provide these surgical and anesthesia services through a contract or agreement with an acute care hospital. The general acute care hospital operated by the State Department of Developmental Services at Agnews Developmental Center may, until June 30, 2007, provide surgery and anesthesia services through a contract or agreement with another acute care hospital. Notwithstanding the requirements of this subdivision, a general acute care hospital operated by the Department of Corrections and Rehabilitation or the Department of Veterans Affairs may provide surgery and anesthesia services during normal weekday working hours, and not provide these services during other hours of the weekday or on weekends or holidays, if the general acute care hospital otherwise meets the requirements of this section. A "general acute care hospital" includes a "rural general acute care hospital." However, a "rural general acute care hospital" shall not be required by the department to provide surgery and anesthesia services. A "rural general acute care hospital" shall meet either of the following conditions:

(1) The hospital meets criteria for designation within peer group six or eight, as defined in the report entitled Hospital Peer Grouping for Efficiency Comparison, dated December 20, 1982.

(e) "Intermediate care facility/developmentally disabled habilitative" means a facility with a capacity of 4 to 15 beds that provides 24-hour personal care, habilitation, developmental, and supportive health services to 15 or fewer persons with developmental disabilities who have intermittent recurring needs for nursing services, but have been certified by a physician and surgeon as not requiring availability of continuous skilled nursing care.

(h) "Intermediate care facility/developmentally disabled-nursing" means a facility with a capacity of 4 to 15 beds that provides 24-hour personal care, developmental services, and nursing supervision for persons with developmental disabilities who have intermittent recurring needs for skilled nursing care but have been certified by a physician and surgeon as not requiring continuous skilled nursing care. disability if not treated.

(i) (1) "Congregate living health facility" means a residential home with a capacity, except as provided in paragraph (4), of no more than 12 beds, that provides inpatient care, including the following basic services: medical supervision, 24-hour skilled nursing and supportive care, pharmacy, dietary, social, recreational, and at least one type of service specified in paragraph (2). The primary need of congregate living health facility residents shall be for availability of skilled nursing care on a recurring, intermittent, extended, or continuous basis. This care is generally less intense

than that provided in general acute care hospitals but more intense than that provided in skilled nursing facilities.

(2) Congregate living health facilities shall provide one of the following services:

(l)(1) Commencing July 1, 2006, notwithstanding any other provision of law, the superintendent may not certify or renew the certification of a nonpublic, nonsectarian school or agency, unless all of the following conditions are met:

(B) The entity submits an annual budget that identifies the projected costs and revenues for each entity and demonstrates that the rates to be charged are reasonable to support the operation of the entity.

(C) The entity submits an entity-wide annual audit that identifies its costs and revenues, by entity, in accordance with generally accepted accounting and auditing principles. The audit shall clearly document the amount of moneys received and expended on the education program provided by the nonpublic, nonsectarian school.

(D) The relationship between various entities operated by the same entity are documented, defining the responsibilities of the entities. The documentation shall clearly identify the services to be provided as part of each

program, for example, the residential or medical program, the mental health program, or the educational program. The entity shall not seek funding from a public agency for a service, either separately or as part of a package of services, if the service is funded by another public agency, either separately or as part of a package of services.

(2) For purposes of this section, the term licensed children's institution has the same meaning as it is defined by Section 56155.5.

(m) The school or agency shall be charged a reasonable fee for certification. The superintendent may adjust the fee annually commensurate with the statewide average percentage inflation adjustment computed for revenue limits of unified school districts with greater than 1,500 units of average daily attendance if the percentage increase is reflected in the district revenue limit for inflation purposes. For purposes of this section, the base fee shall be the following:

- |                              |        |

| (4) 25-75 pupils .....       | 1,500  |
| (5) 76 pupils and over ..... | 2,000  |

The school or agency shall pay this fee when it applies for certification and when it updates its application for annual review by the superintendent. The superintendent shall use these fees to conduct onsite reviews, which may include field experts. No fee shall be refunded if the application is withdrawn or is denied by the superintendent.

(n)(1) Notwithstanding any other provision of law, only those nonpublic, nonsectarian schools and agencies that provide special education and designated instruction and services utilizing staff who hold a certificate, permit, or other document equivalent to that which staff in a public school are required to hold in the service rendered are eligible to receive certification. Only those nonpublic, nonsectarian schools or agencies located outside of California that employ staff who hold a current valid credential or license to render special education and related services as required by that state shall be eligible to be certified.

(2) The state board shall develop regulations to implement this subdivision.

(o) In addition to meeting the standards adopted by the board, a nonpublic, nonsectarian school or agency shall provide written assurances that it meets all applicable standards relating to fire, health, sanitation, and building safety.
